

Microsoft PowerPoint 2007 Advanced: In this course students will build on the skills and concepts taught in PowerPoint 2007 Basic/Intermediate. Students will customize PowerPoint by modifying the Quick Access Toolbar and creating macros. They will also apply themes and templates, and they will work with SmartArt graphics and tables. Students will add multimedia content and interactive elements to slides, and they will learn about presentation distribution options including PDF and HTML. Finally, students will integrate PowerPoint with Word and Excel.
